

PV-AZS

PV-AZB

## Ø 4MM CABLE CONNECTOR

PV-KST

PV-KBT

### Product Features & Benefits

- MC connector compatible
- Easy assembly for field installation
- High current capacity
- Low contact resistance
- Low temperature rise
- UV and ozone resistant
- TUV certified
- Fully complied with RoHS standard

### Technical Data

Rated current	22A (2.5mm <sup>2</sup> ) 30A (4 -6mm <sup>2</sup> )	Degree of protection	IP67
Rated voltage	1000V	Safety class	II
Test voltage	6kV	Flame class	UL94-V0
Contact resistance	0.5 mΩ	Ambient temperature range	-40~+ 85°C
Contact material	Cu/Ag plated Cu/TiN plated	Cable cross-section	2.5~6 mm <sup>2</sup>
Insulation material	PC/PA	Locking system	Snap-in
